Mr. and Mrs. Merrol Murdoch are home from a very happy vacation in San Francisco at the home of their daughter, Margie and husband, Capt. Nowlan Dean and as a doctor he is kept very busy at the Army's Letterman Hospital there. They enjoyed sightseeing and shopping at China Town, session at the Oakland Temple and a good visit. Returning, they were met at the airport in Salt Lake by Mr. and Mrs. Richard Murdoch and family and Karma Barrutia and they visited at the home of Al and Marilyn Barratua in Salt Lake before coming to Heber. It was a delightful time. Luella Johnson is enjoying callalilies, azalias and other lovely flowers that Mae brought from Margie's garden, the magnolias and so many blooming flowers and shrubs made the air smell good and were beautiful.
